

Distribution of retention time for the cluster 45

mean retention time = 7.467 ; range of retention times = 0.027

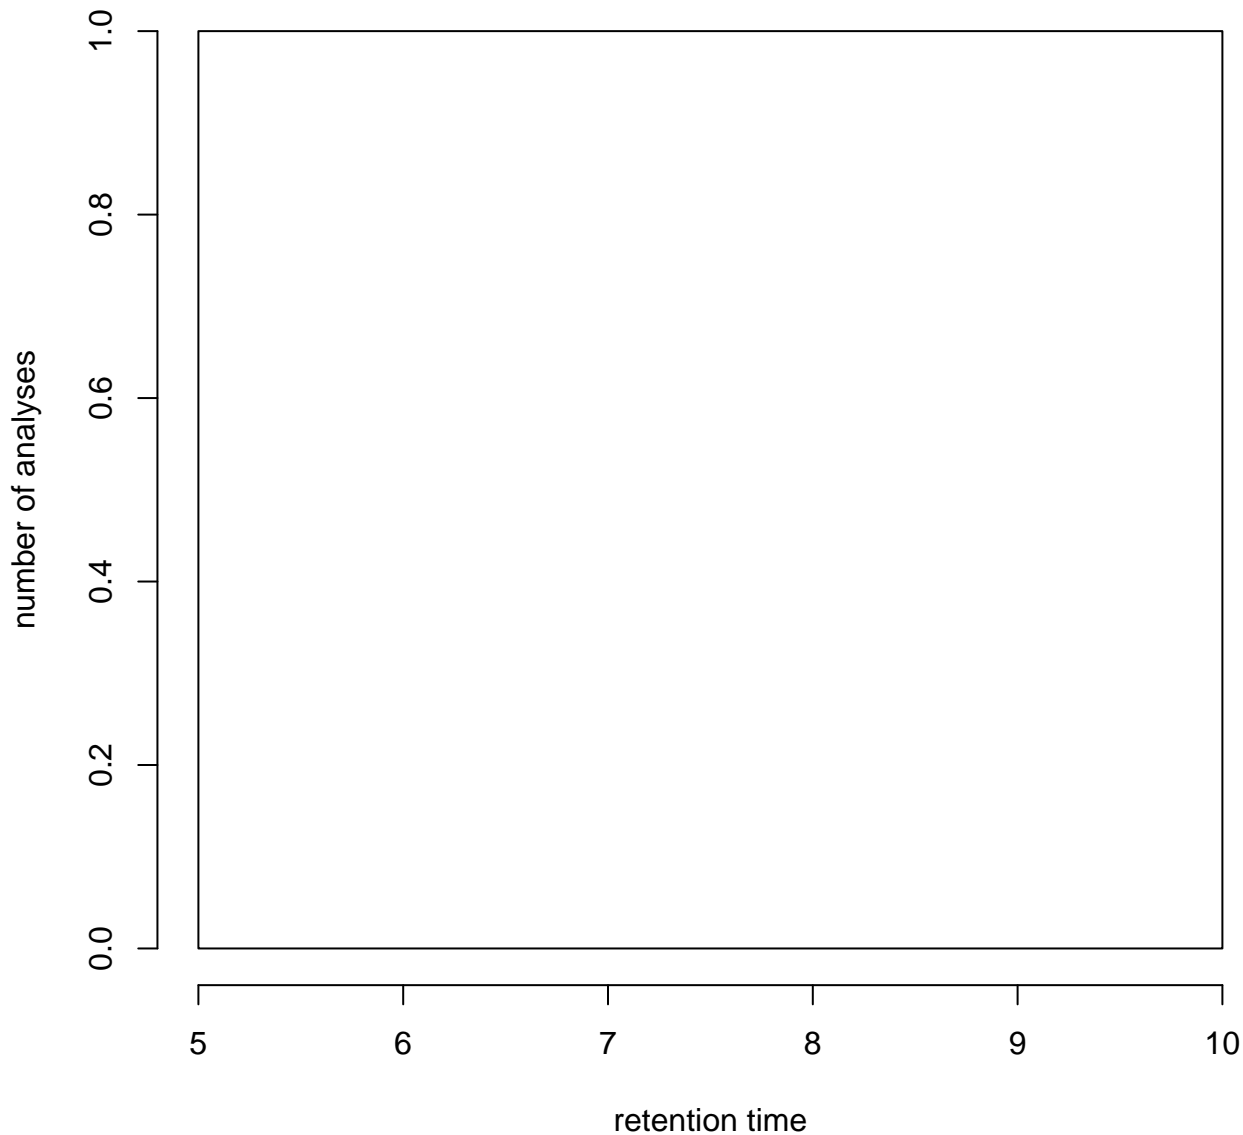

Distribution of retention time for the cluster 55

mean retention time = 7.505 ; range of retention times = 0.171

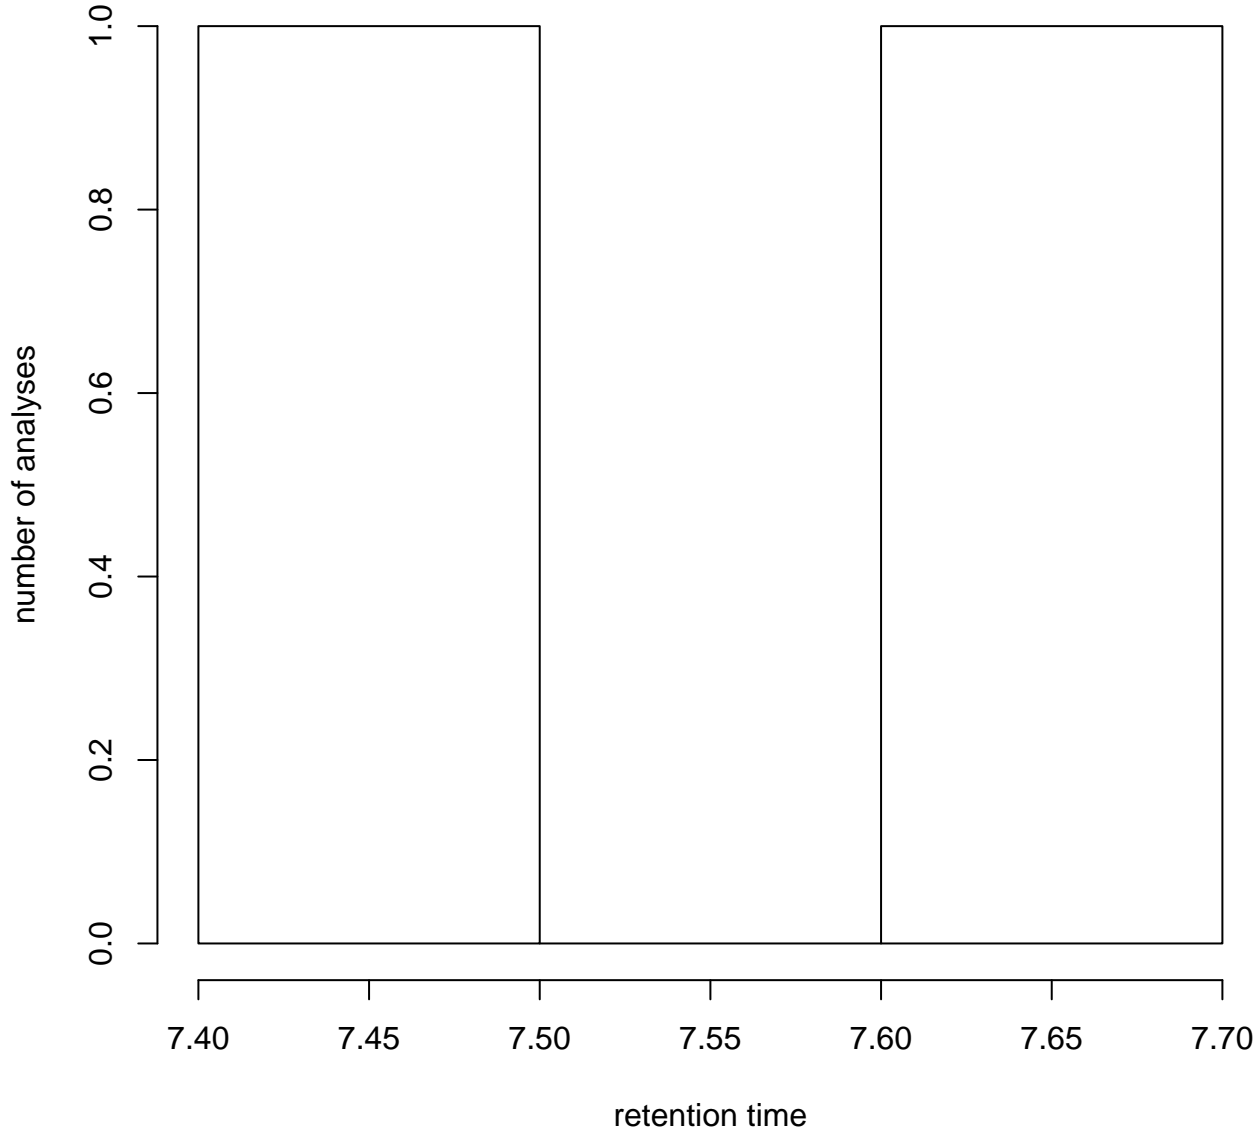

Distribution of retention time for the cluster 59

mean retention time = 7.738 ; range of retention times = 0

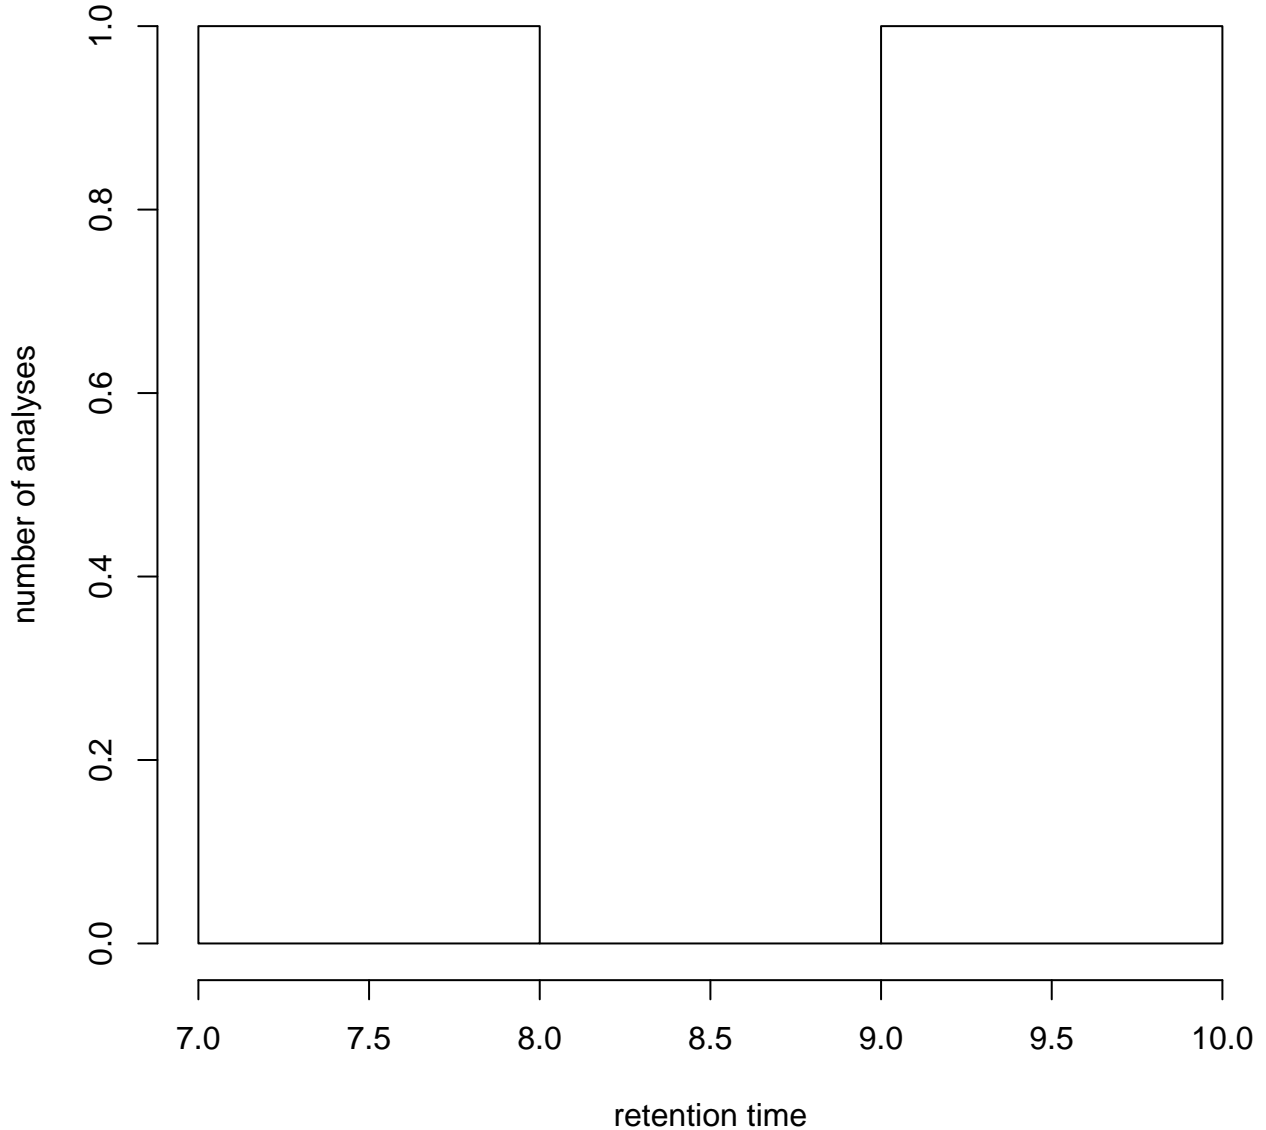

Distribution of retention time for the cluster 61

mean retention time = 7.511 ; range of retention times = 0.195

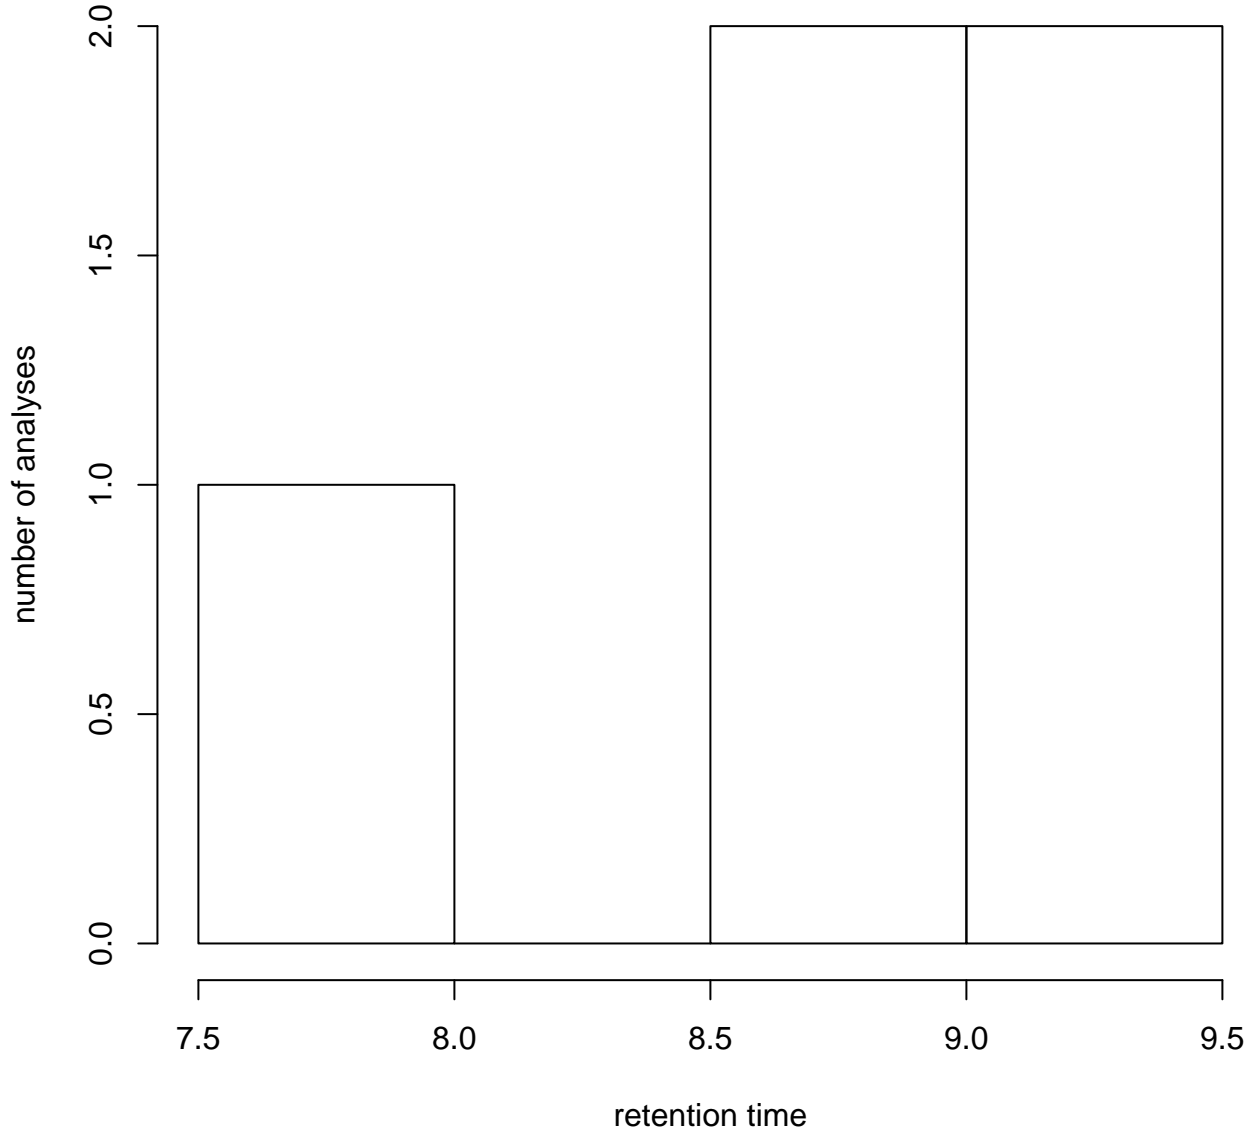

Distribution of retention time for the cluster 68

mean retention time = 8.524 ; range of retention times = 1.715

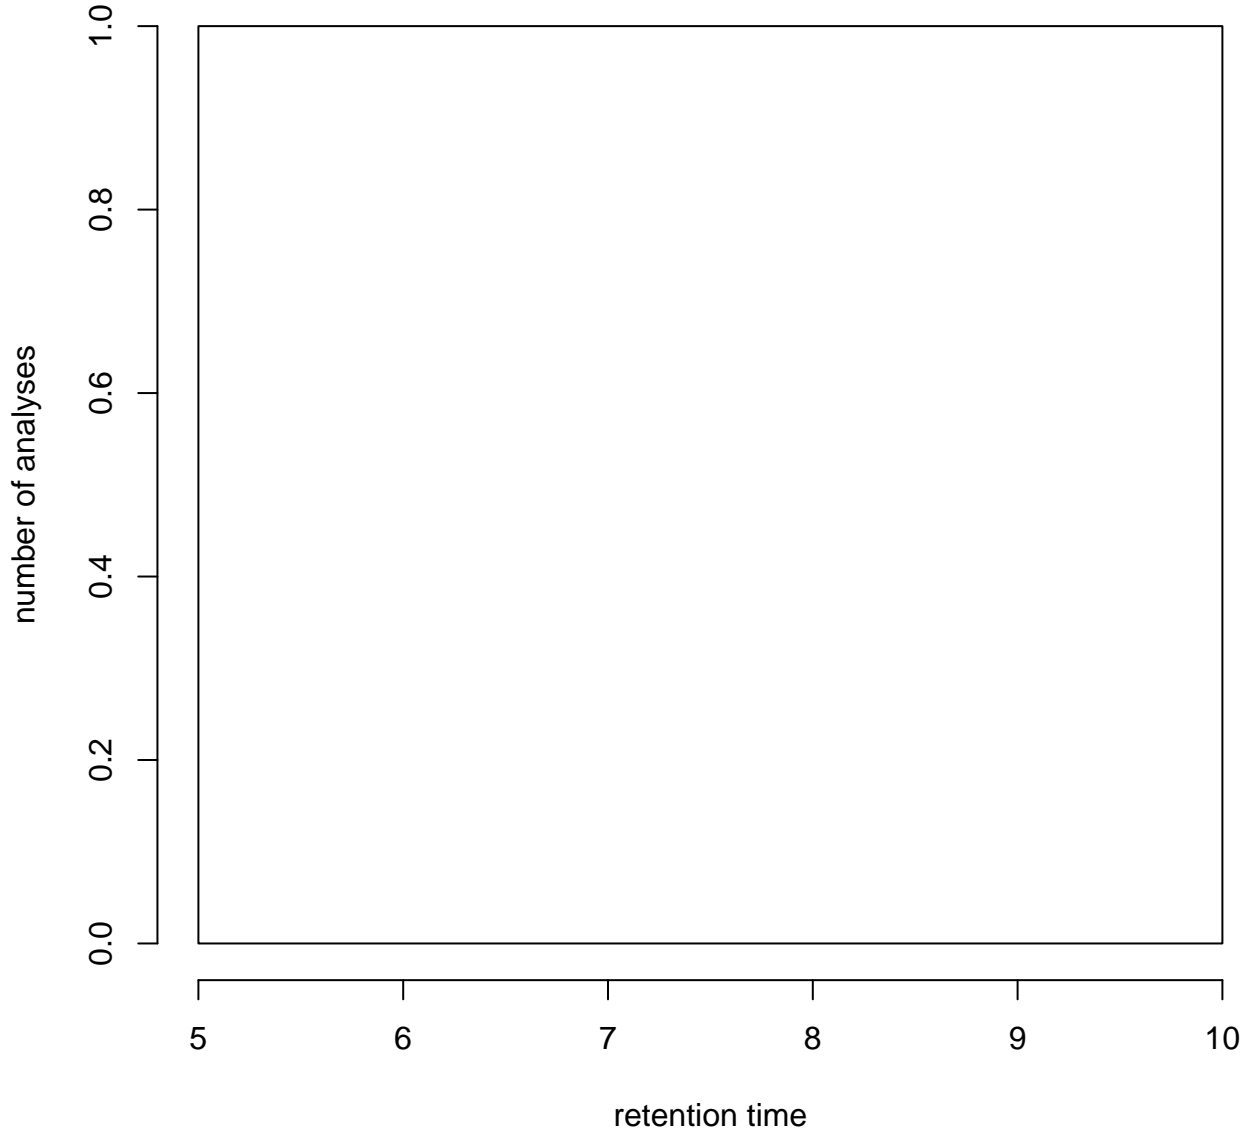

Distribution of retention time for the cluster 69

mean retention time = 8.882 ; range of retention times = 1.524

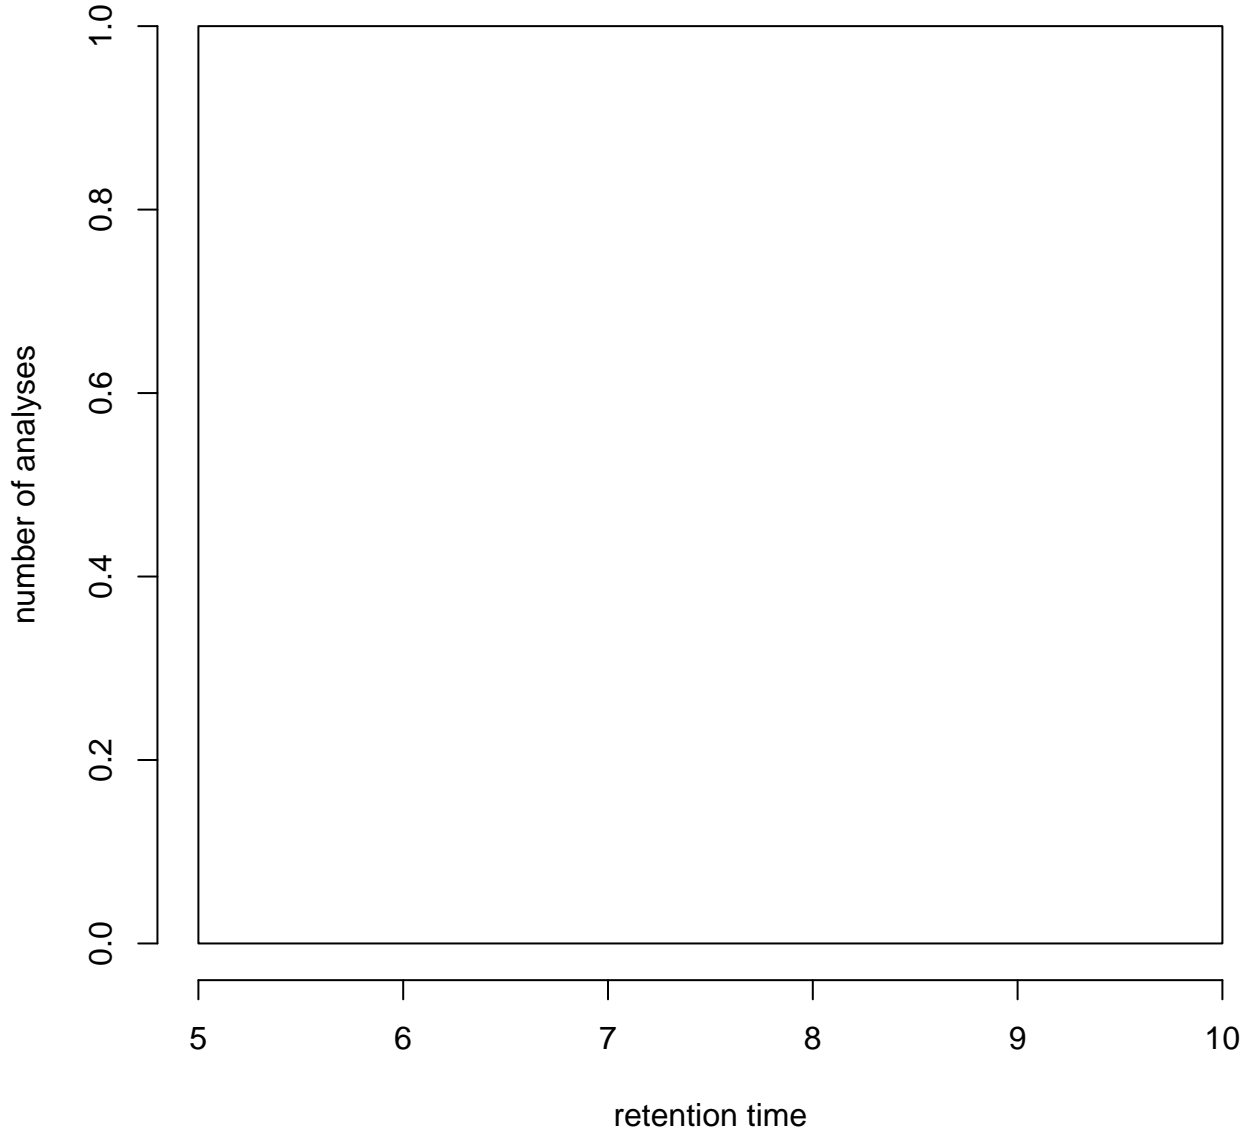

Distribution of retention time for the cluster 70

mean retention time = 7.561 ; range of retention times = 0

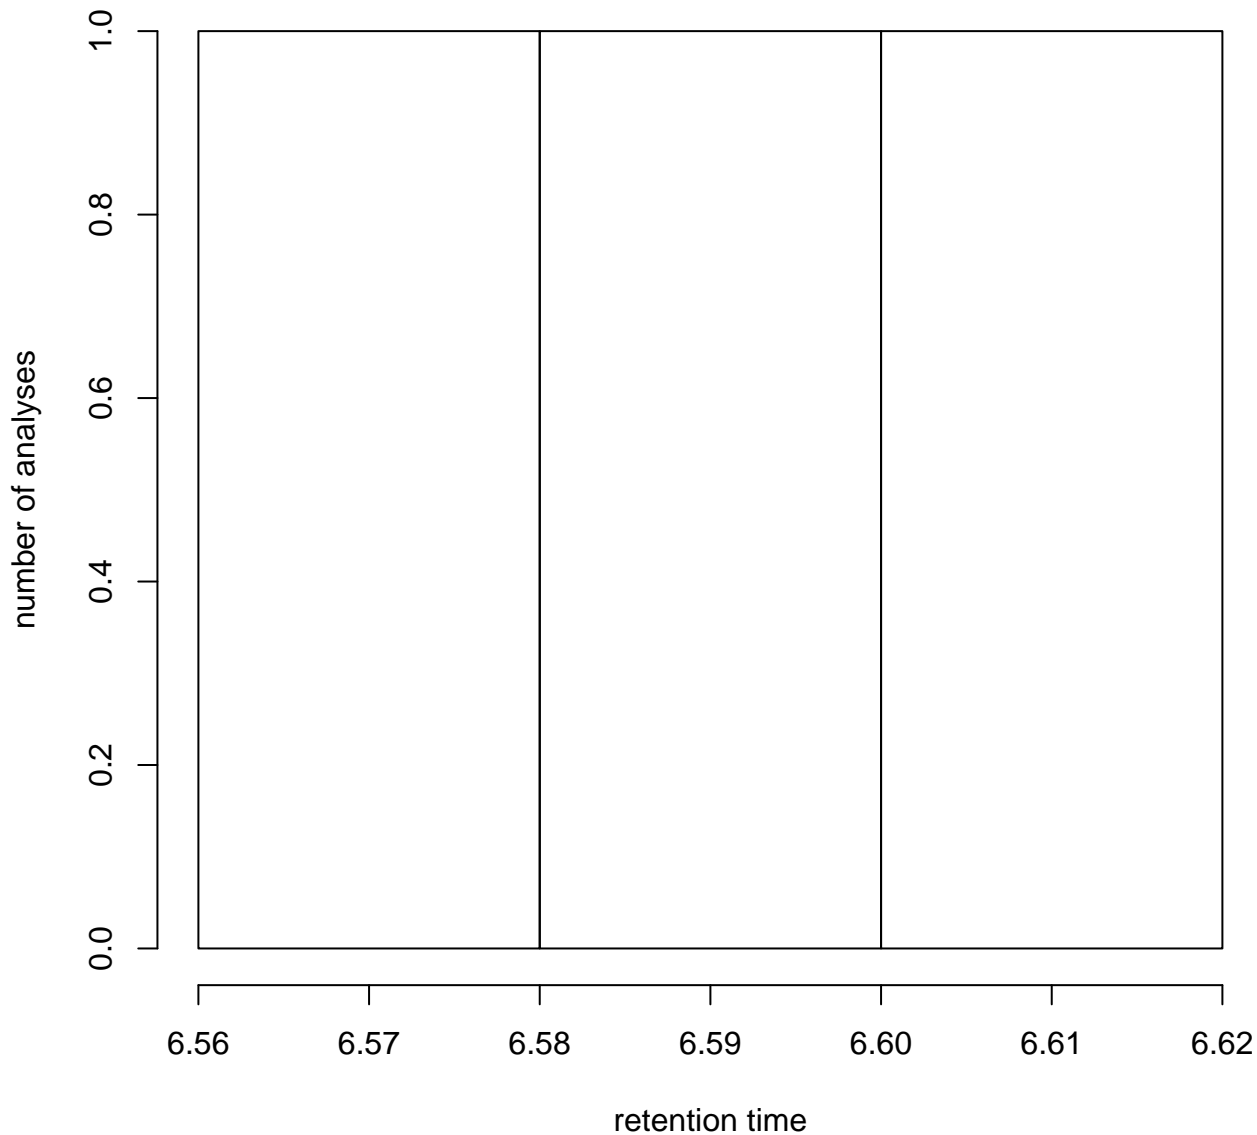

Distribution of retention time for the cluster 71

mean retention time = 7.711 ; range of retention times = 0

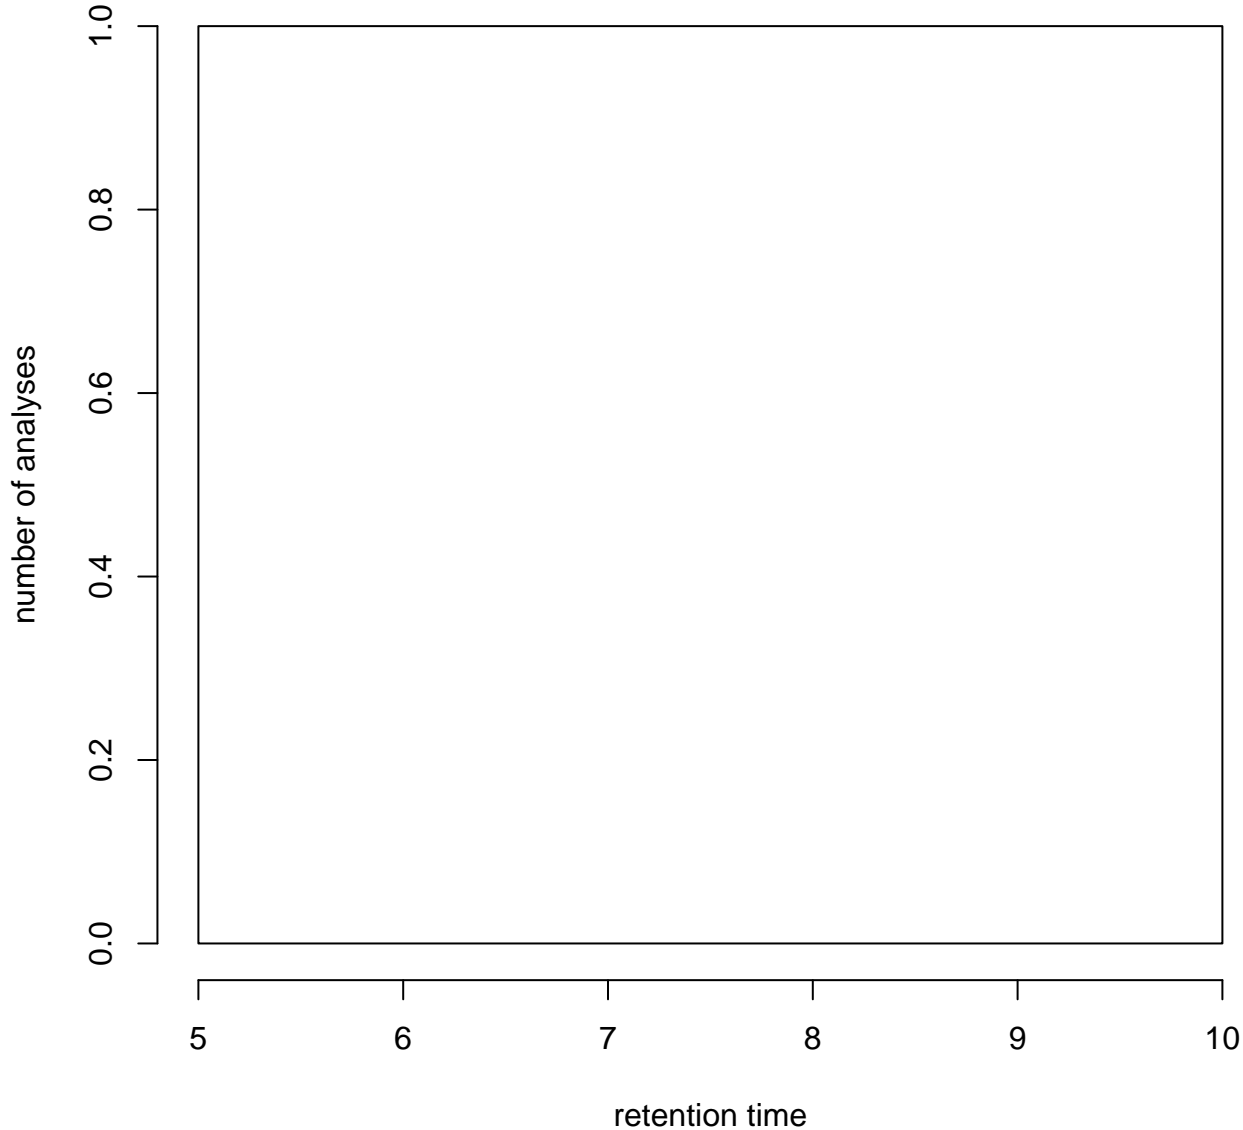

Distribution of retention time for the cluster 73

mean retention time = 6.589 ; range of retention times = 0.043

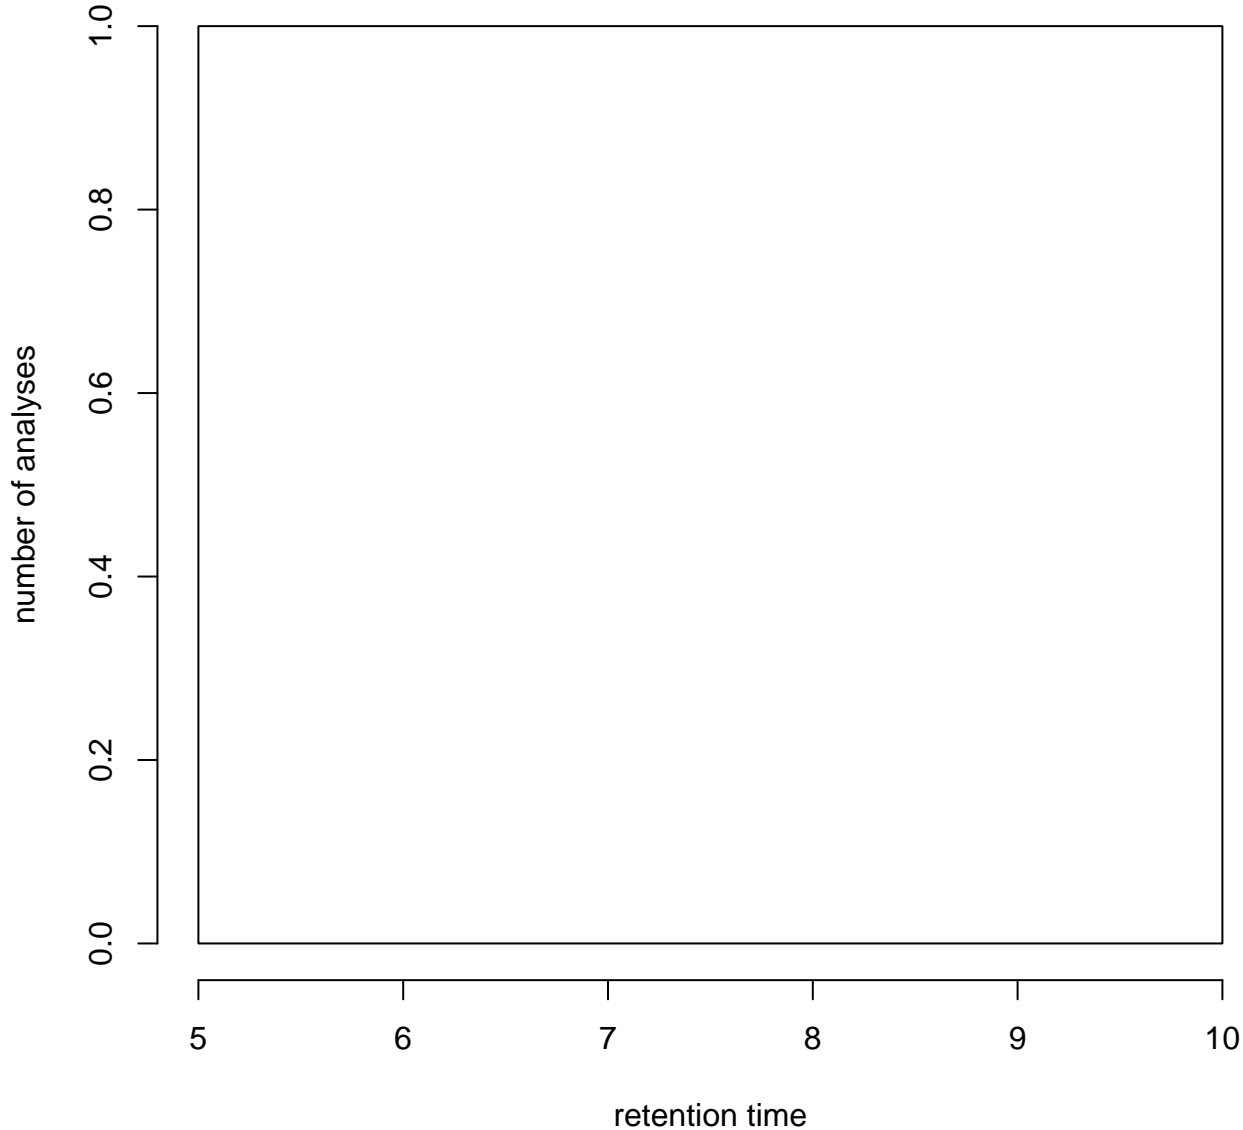

Distribution of retention time for the cluster 74

mean retention time = 7.363 ; range of retention times = 0

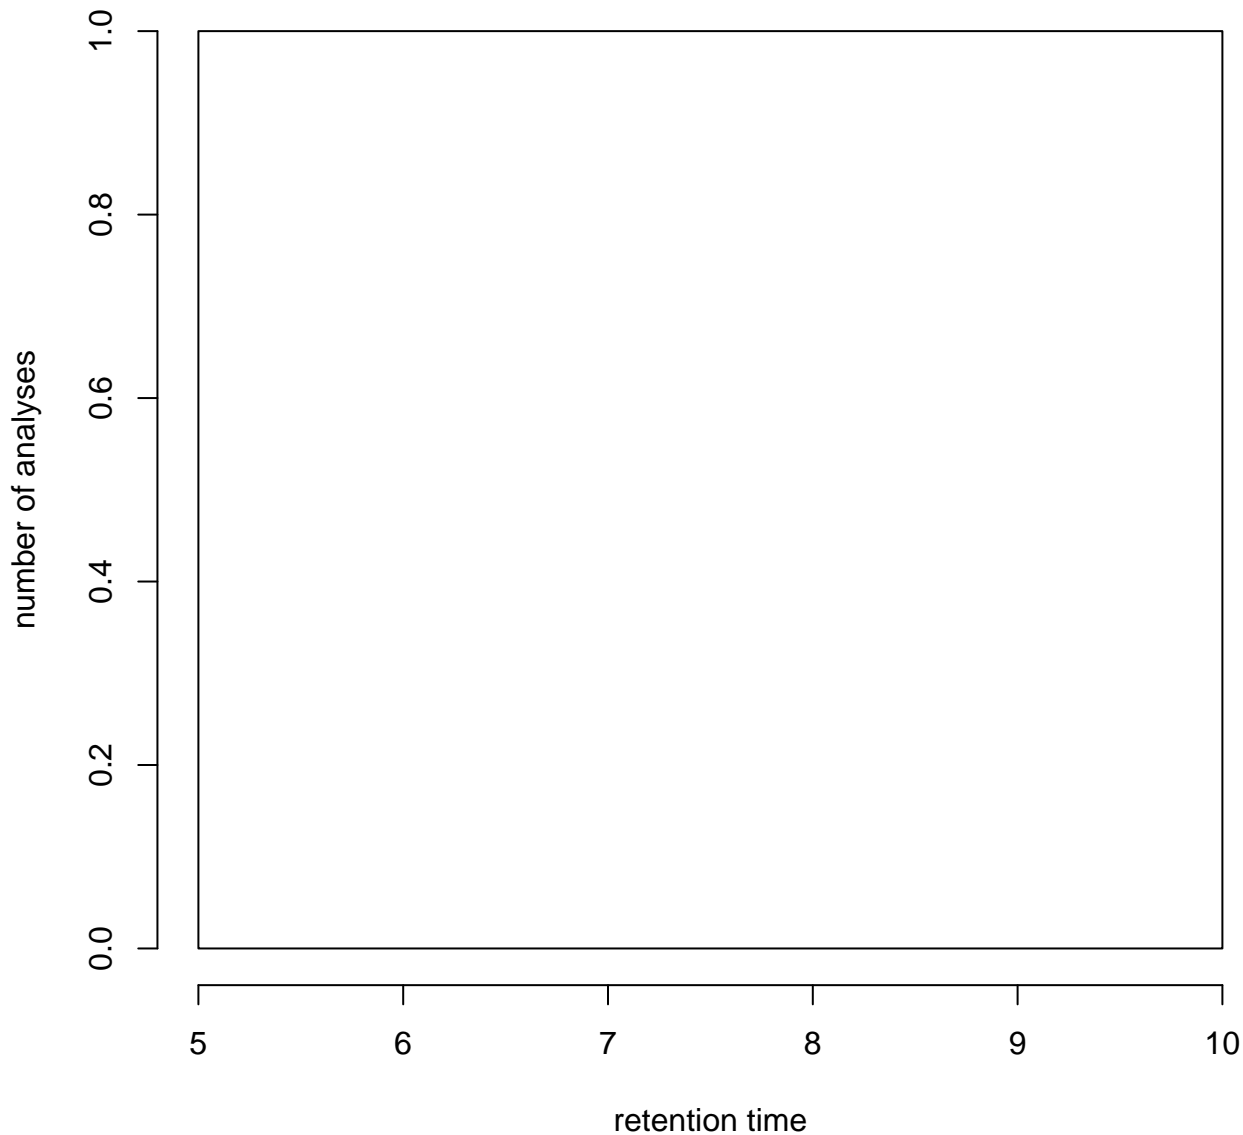

Distribution of retention time for the cluster 75

mean retention time = 7.405 ; range of retention times = 0

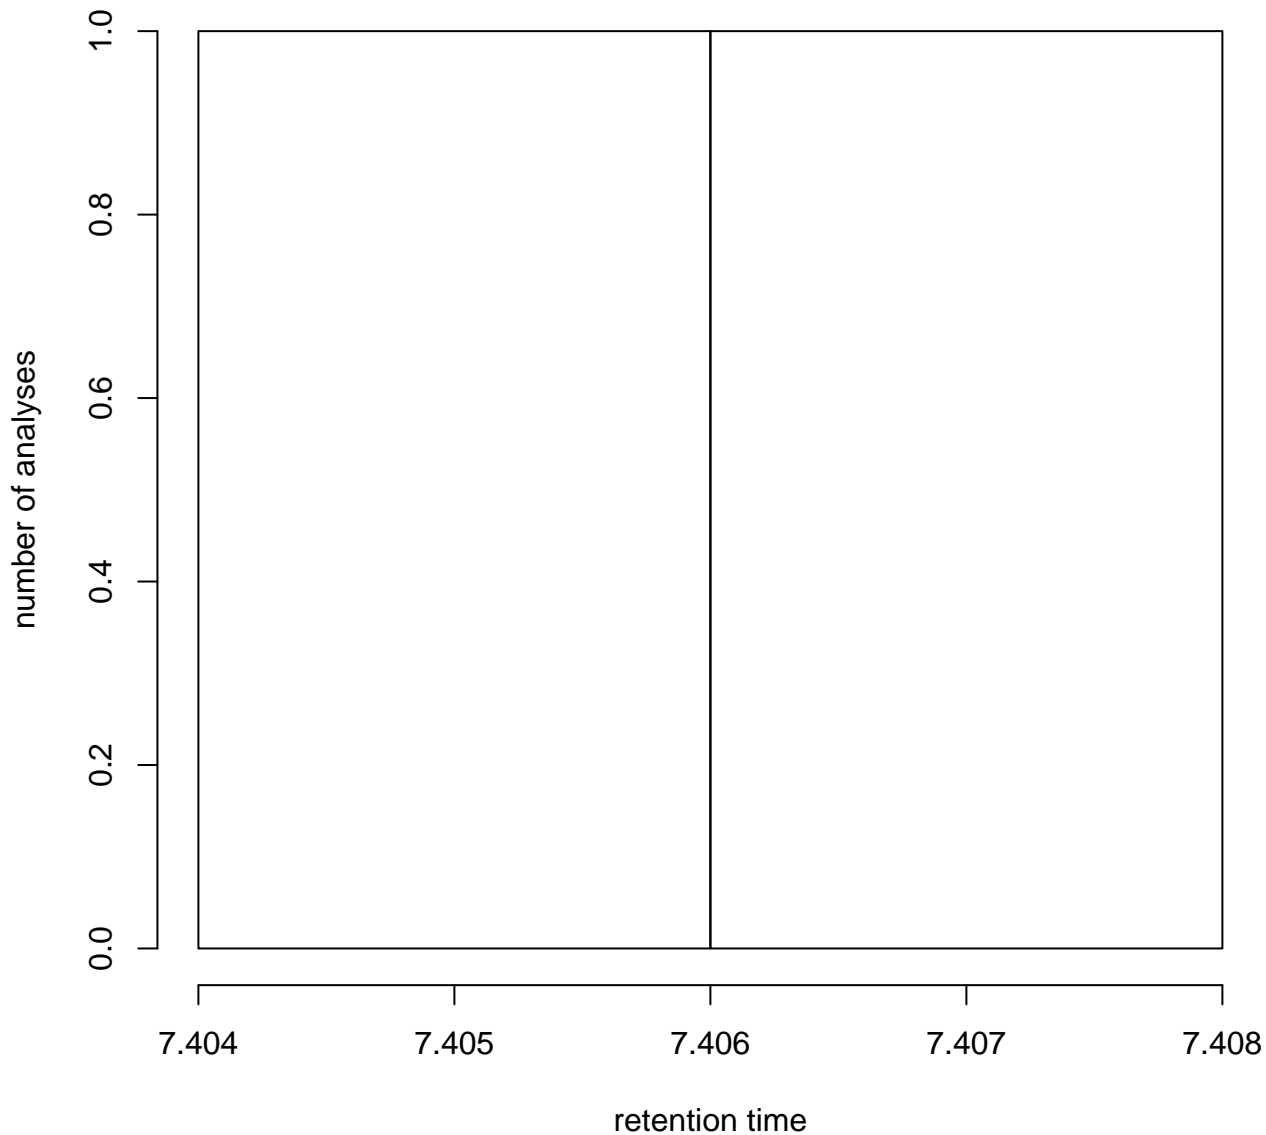

Distribution of retention time for the cluster 76

mean retention time = 7.448 ; range of retention times = 0

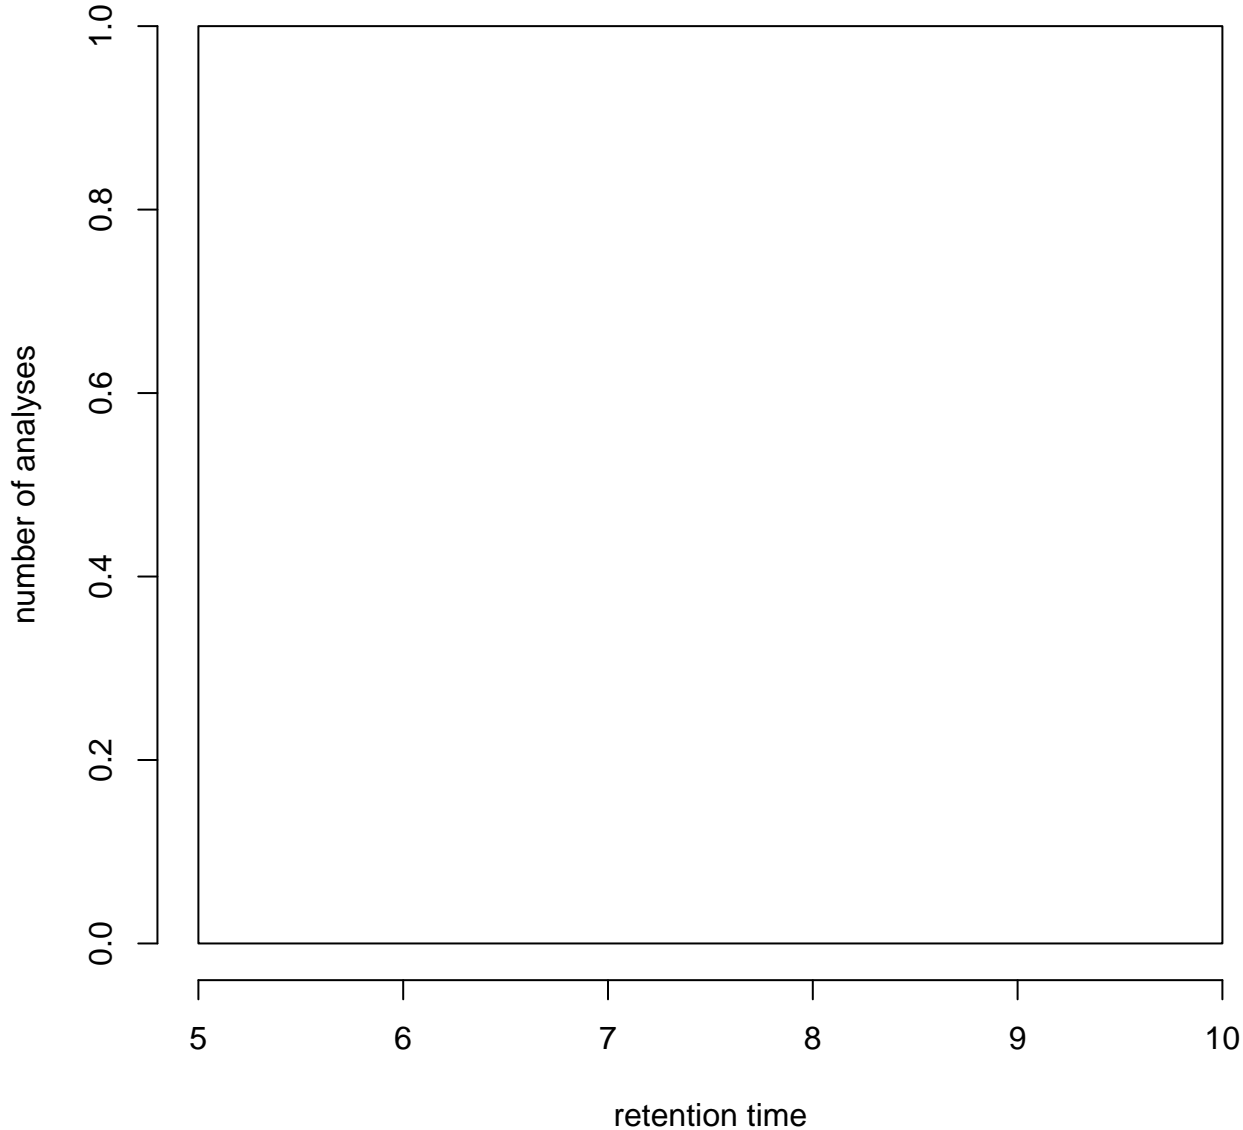

Distribution of retention time for the cluster 77

mean retention time = 7.407 ; range of retention times = 0.003

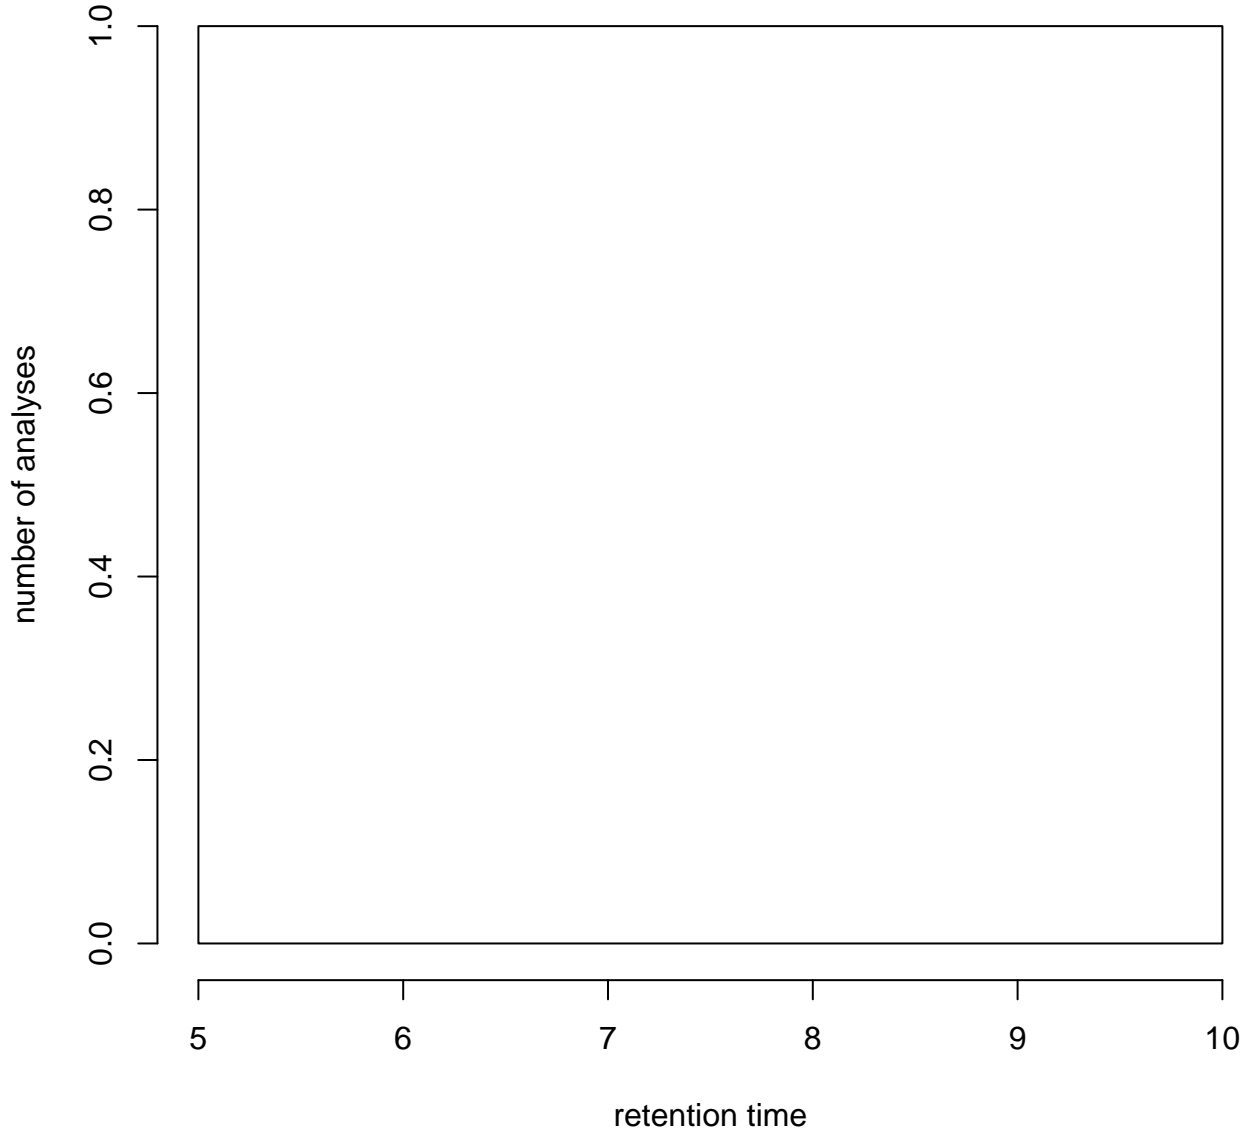

Distribution of retention time for the cluster 79

mean retention time = 7.414 ; range of retention times = 0

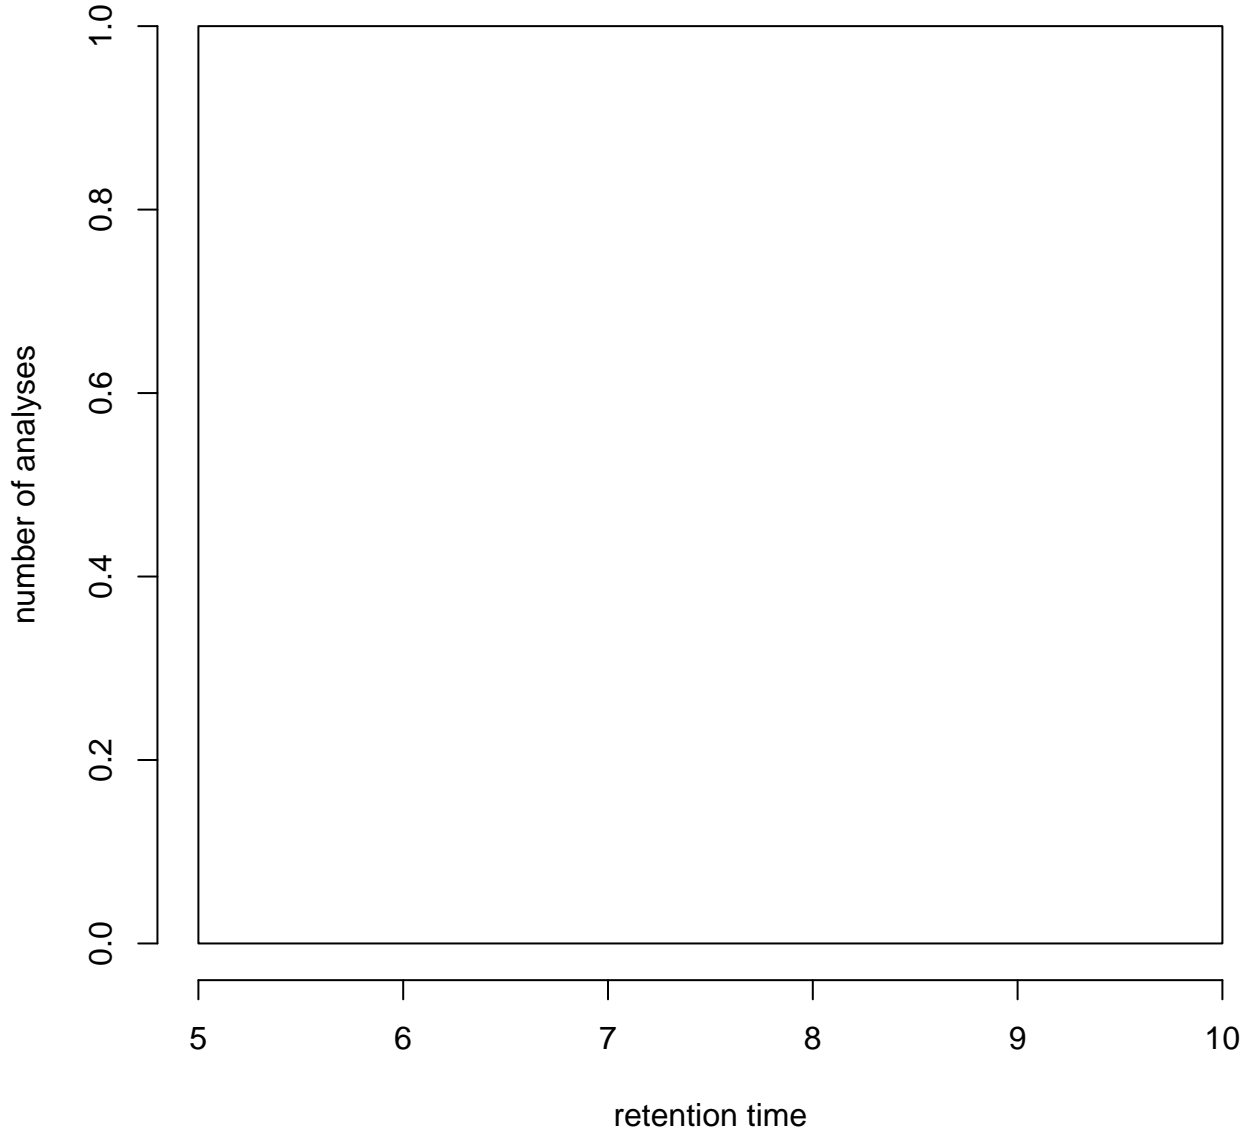

Distribution of retention time for the cluster 80

mean retention time = 7.408 ; range of retention times = 0

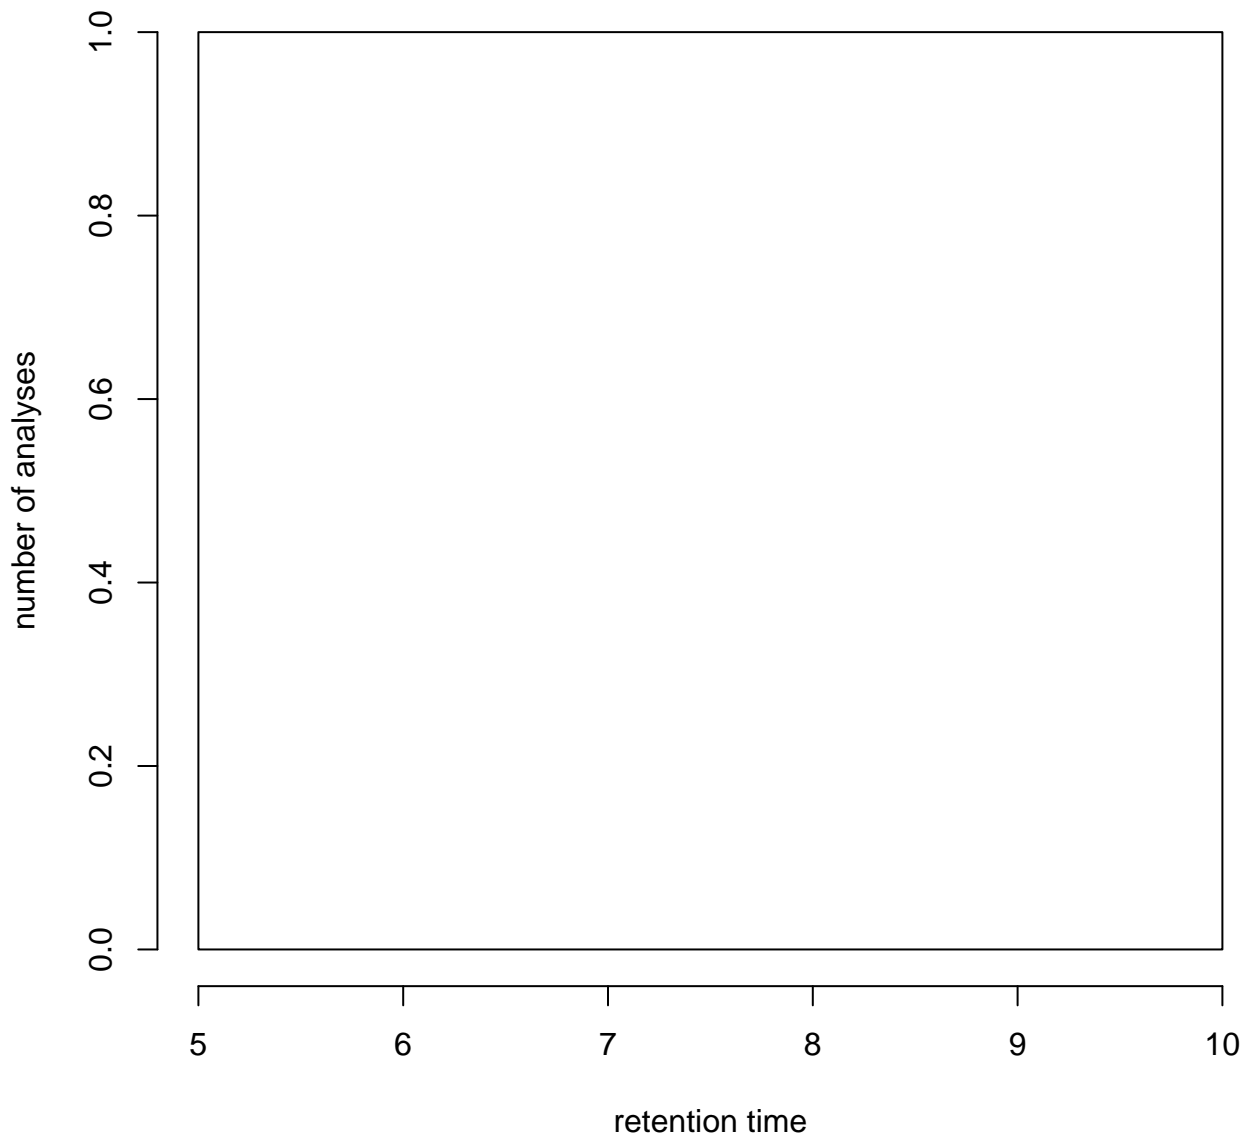

Distribution of retention time for the cluster 81

mean retention time = 6.602 ; range of retention times = 0

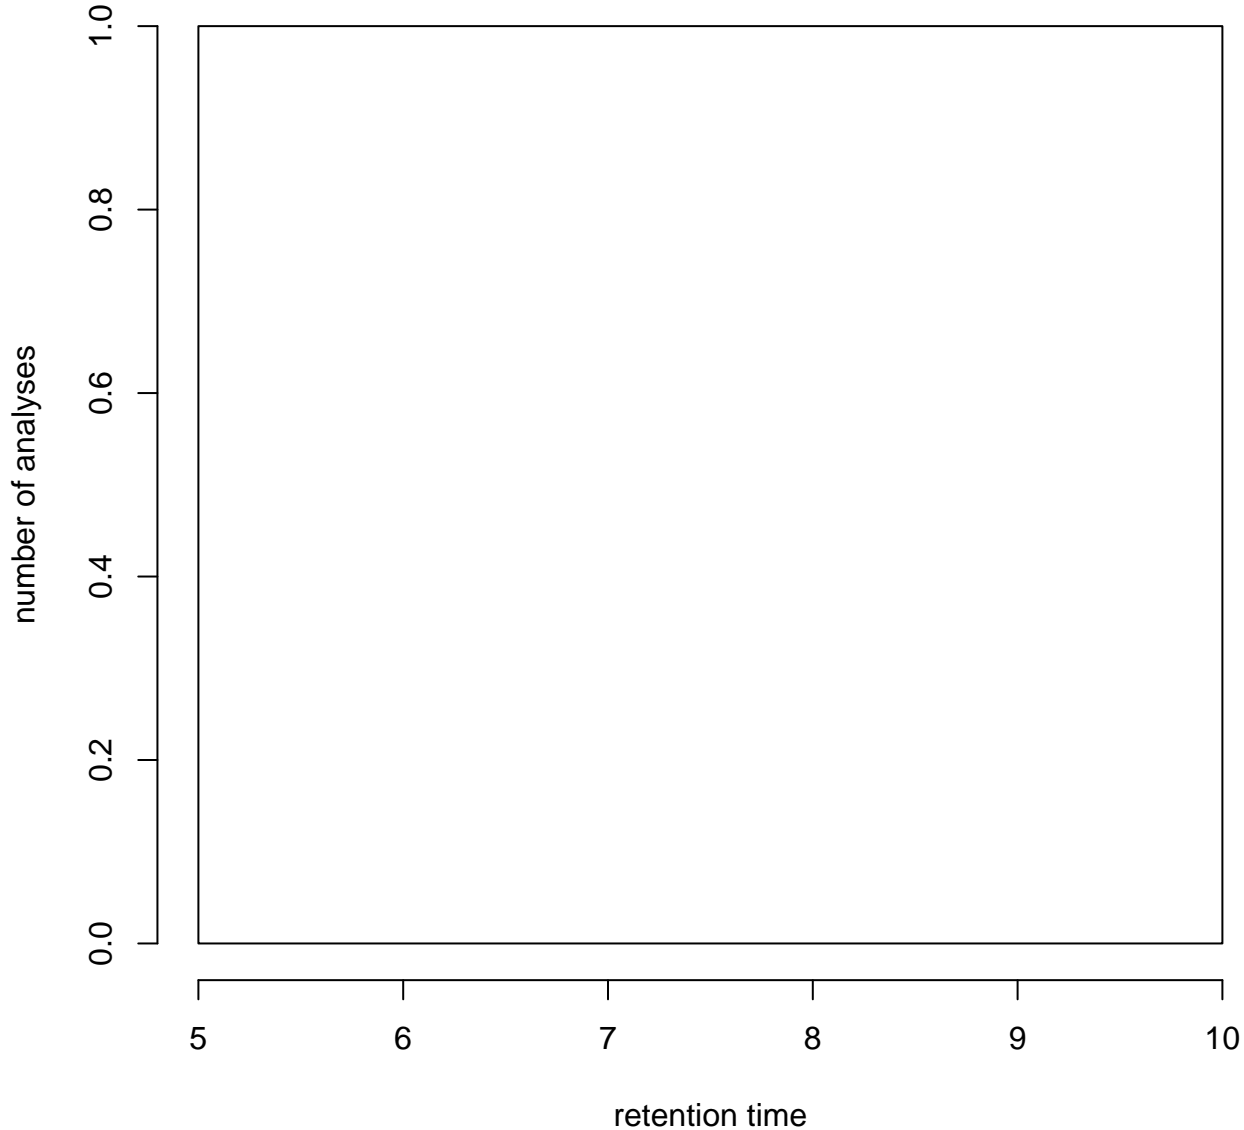

Distribution of retention time for the cluster 82

mean retention time = 7.406 ; range of retention times = 0

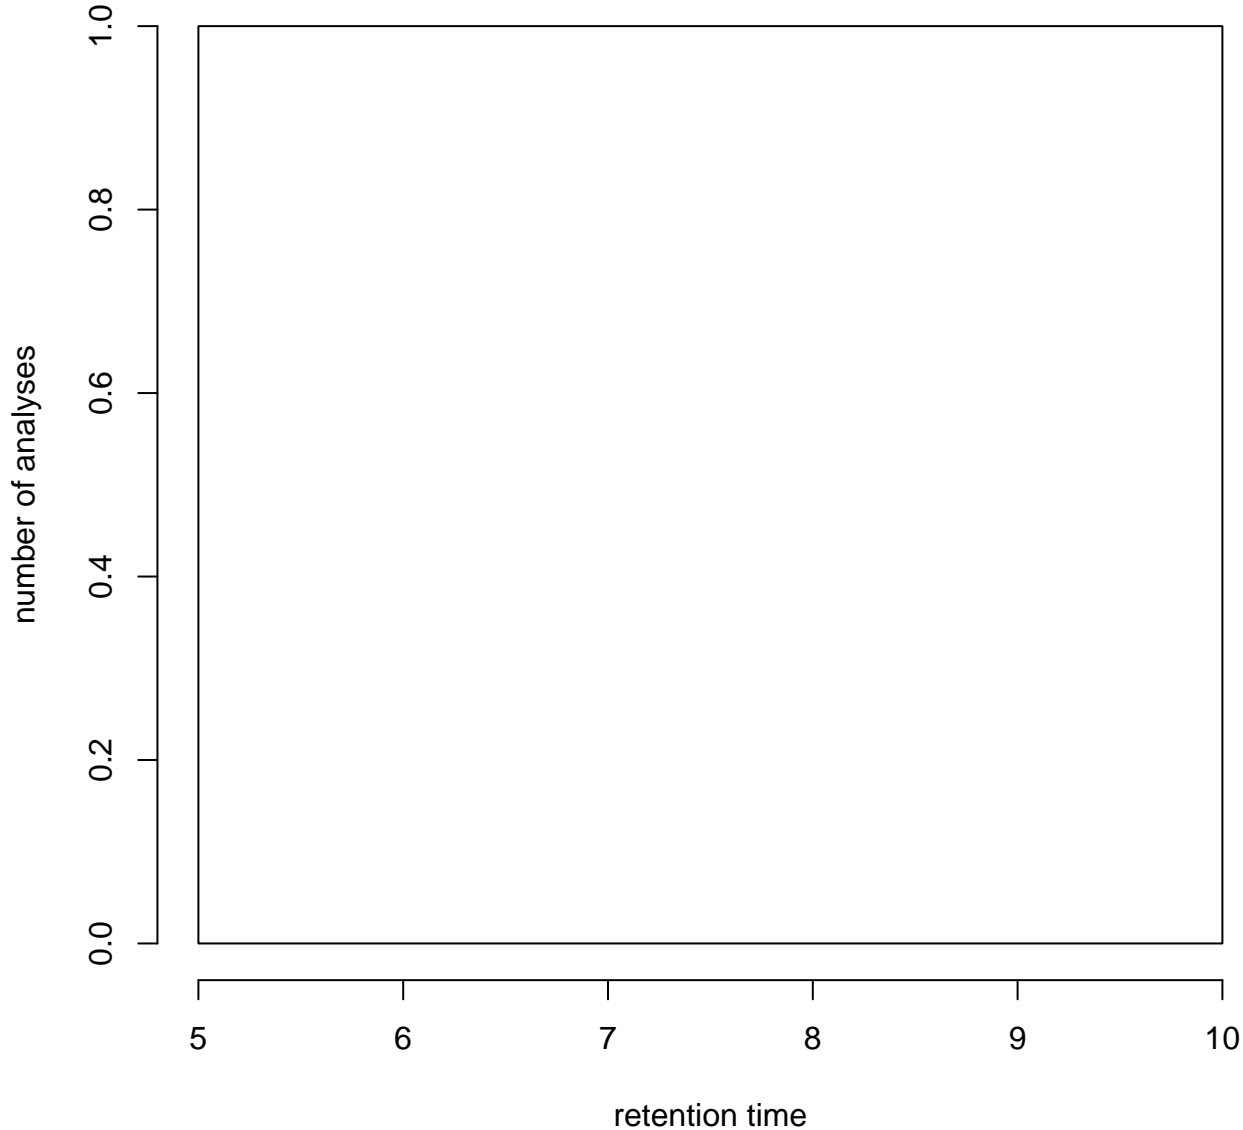

Distribution of retention time for the cluster 84

mean retention time = 7.366 ; range of retention times = 0

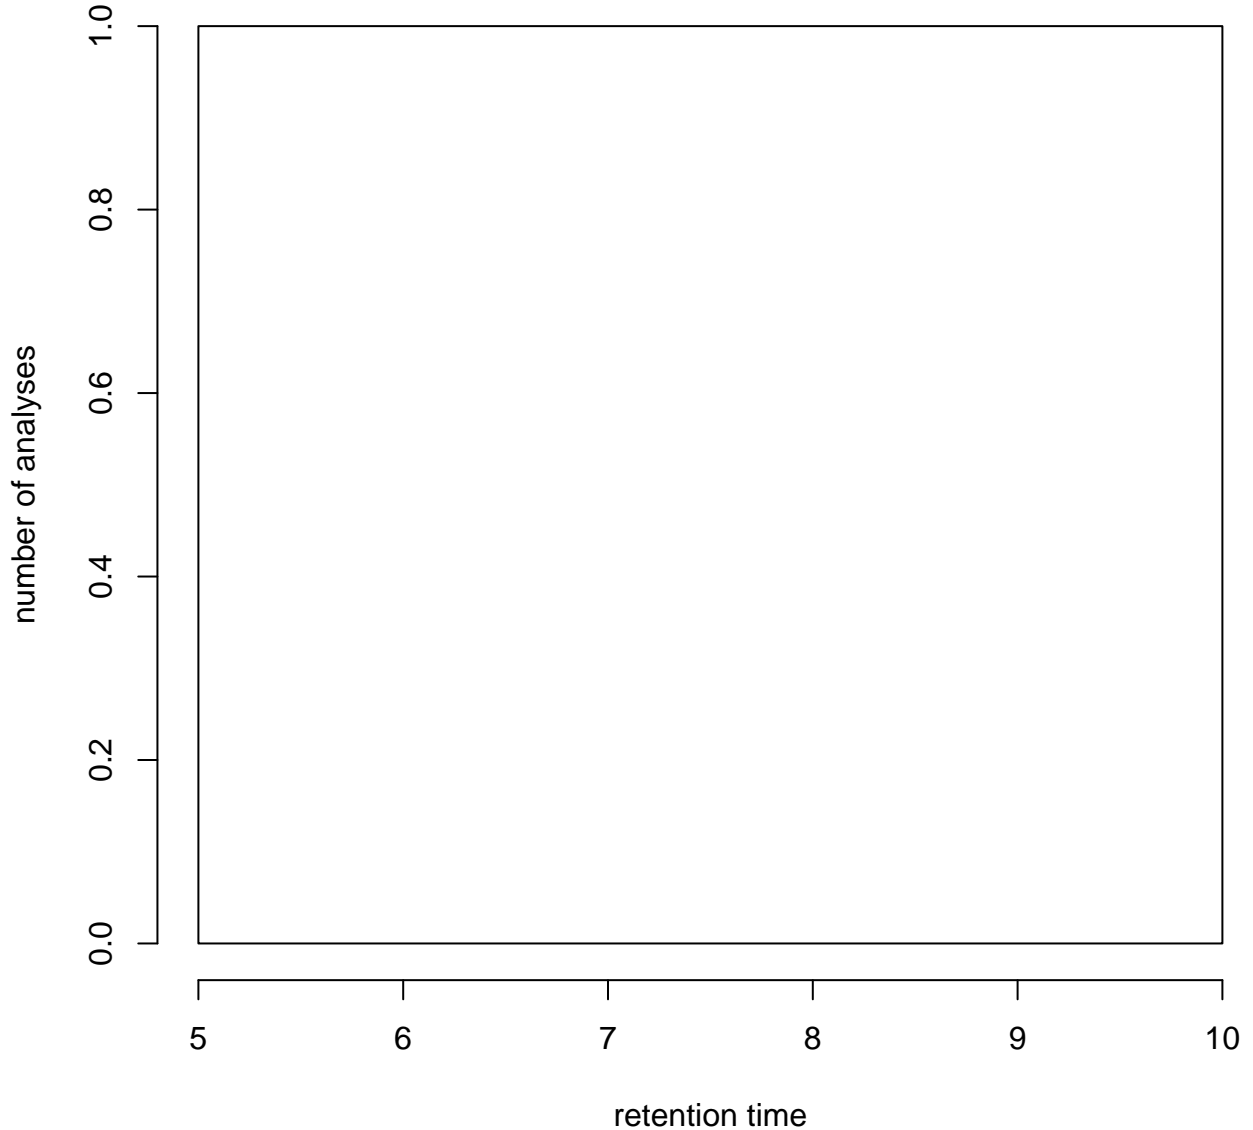

Distribution of retention time for the cluster 85

mean retention time = 7.408 ; range of retention times = 0

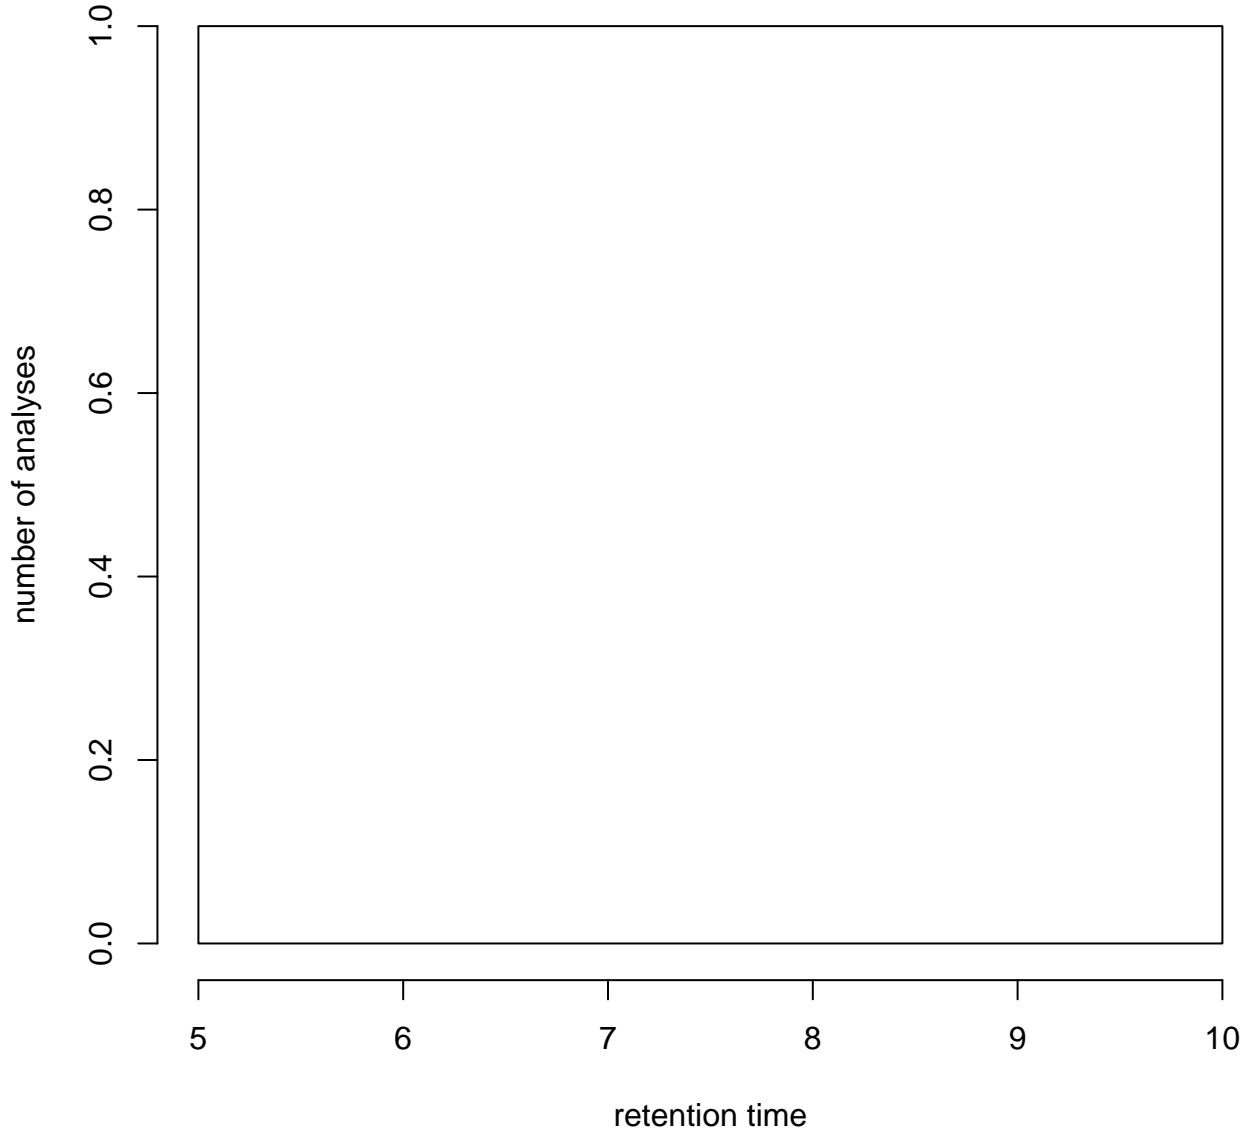

Distribution of retention time for the cluster 86

mean retention time = 7.36 ; range of retention times = 0

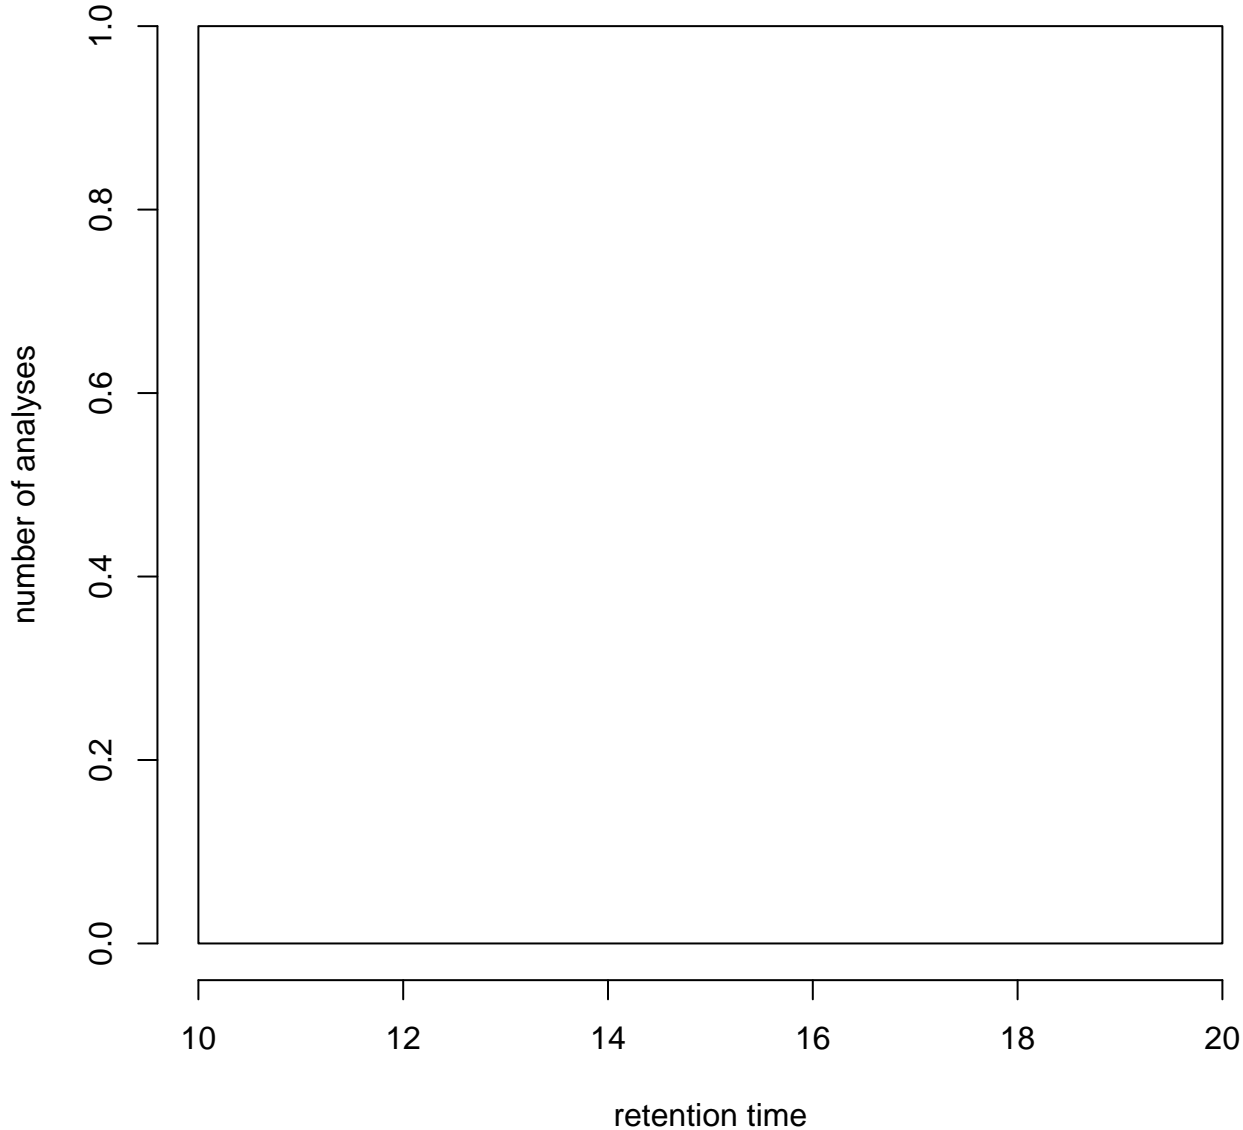

Distribution of retention time for the cluster 87

mean retention time = 7.409 ; range of retention times = 0

Distribution of retention time for the cluster 88

mean retention time = 18.738 ; range of retention times = 0

Distribution of retention time for the cluster 89

mean retention time = 23.963 ; range of retention times = 0
