**Distribution of retention time for the cluster 28**

mean retention time = 36.106 ; range of retention times = 0.094

Distribution of retention time for the cluster 30

mean retention time = 36.587 ; range of retention times = 1.754

number of analyses

retention time

Distribution of retention time for the cluster 32

mean retention time = 36.03 ; range of retention times = 0.04

Distribution of retention time for the cluster 34

mean retention time = 36.06 ; range of retention times = 0.058

Distribution of retention time for the cluster 37

mean retention time = 36.15 ; range of retention times = 0.105

number of analyses

retention time

Distribution of retention time for the cluster 40

mean retention time = 36.168 ; range of retention times = 0.024
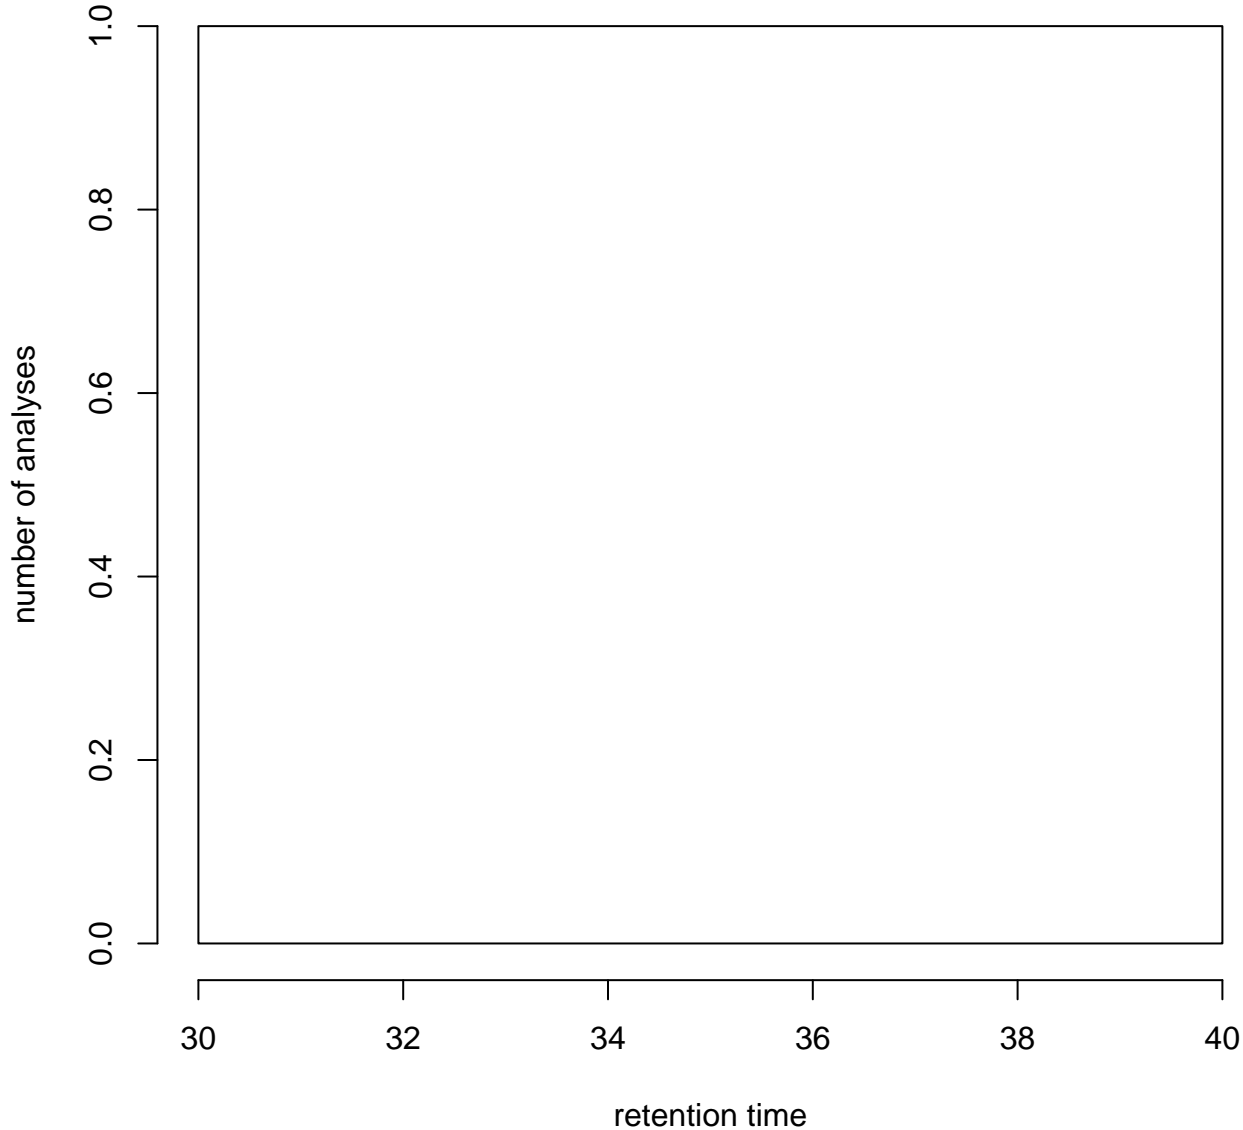

number of analyses

retention time

Distribution of retention time for the cluster 41

mean retention time = 36.151 ; range of retention times = 0.004

Distribution of retention time for the cluster 42

mean retention time = 36.197 ; range of retention times = 0

Distribution of retention time for the cluster 43

mean retention time = 36.263 ; range of retention times = 0
